

4 STEAM DAY 2025

Over two days in January 2025, our school held STEAM Day, during which students engaged in immersive, project-based learning across the disciplines of Science, Technology, Engineering, Arts, and Mathematics. Through hands-on investigations — such as exploring sound, air, heat, light, and electricity — students developed problem-solving skills, collaborated on experiments, and presented their findings.

This event reinforced our commitment to experiential learning, fostering curiosity, creativity, and the real-world application of knowledge in STEAM disciplines.

1 SPORTS DAY 2025

Students and parents thoroughly enjoyed the day. All competitions and games were exciting and competitive. The students dedicated a great deal of effort and preparation to the cheering competition. The student-teacher relay race was also fun and thrilling. Everyone — students, parents, and teachers — left the sports ground filled with joy and happiness. We are already looking forward to Sports Day 2026!

2 FIRST TERM SPEECH DAY

The 2024 – 2025 First Term Speech Day was held on 14th January 2025. Academic Awards and the Good Conduct Award for Primary 1 to Primary 6 (P1–P6) were presented on the same day. Congratulations to all the award recipients!

3 EXTRA-CURRICULAR ACTIVITIES

The students of LSTHS are highly engaged in a variety of school-organized activities, including after-school programs, multiple intelligence activities, and sports events. They participate with great enthusiasm and dedication. Through these activities, students not only enjoy pursuing their passions but also have the opportunity to make new friends, experience local culture, and foster integration among different ethnic groups.
