

Notice

7th July, 2020

Dear parents,

Arrangements for School Dental Care Service after Class Resumption

Following the class resumption, School Dental Care Service (SDCS) of the Department of Health will resume services progressively. Due to the Coronavirus disease 2019 and the suspension of classes, SDCS regret that they will not be able to arrange an annual dental check-up within this service year (up to 31st October 2020) for all our students (Primary 1, 2 and 6 students check-up dates have already been arranged) who have joined the service this year. However, P3, P4 and P5 students in need of urgent dental care can still bring along their SDCS Handbooks (if any) or identity documents and seek emergency consultation during office hours at Tang Siu Kin School Dental Clinic (1/F, MacLehose Dental Centre, 286 Queen's Road East, Wanchai, Hong Kong, tel: 2892 2147).

Li Sing Tai Hang School
