No.22046 : Whole-day Face-to-face Classes Arrangements

14th November, 2022

Dear Parents,

According to the “Latest Arrangements for Face-to-Face Classes for Schools in Hong Kong in the 2022/23 School Year” announced by the Education Bureau (EDB) dated 25th October, starting from 1st December 2022, if 70% or more of the total number of students of the whole scholar an individual class level eligible to receive vaccination have **received two doses of vaccine for more than 14 days**, the school may make an application to the EDB. The EDB will take into account the actual circumstances of the school to allow it to resume whole-day face-to-face classes for the whole school or the individual class level. Individual students who wish to participate in some mask off activities after school are required to have received two doses of vaccine for more than 14 days.

However, as of today, **only 67%** of our students have fulfilled the requirements above; as a result, we are unable to resume whole-day face-to-face classes. Students’ overall academic results have seen a drastic decline over the past few years owing to half-day or suspension of classes. Homework completion has also been dissatisfactory. Whole-day face-to-face classes are vital for academic success and whole person development, as well as extracurricular activities and all kinds of student counseling and support. Therefore, we are hoping for the resumption of whole-day face-to-face classes starting from 1st February 2023 and all after school activities including homework tutorial starting from 13th February. In such an event, students will have lunch at school, which may increase their risk of contracting COVID-19.

Our goal is to resume whole-day face-to-face classes and reduce the risk of severe cases and deaths. Therefore, we urge parents to:

1. get your unvaccinated child a first dose; or
2. get your child a second or third dose after the first dose; or
3. get your child a third dose after the second dose.

Parents are requested to **complete the “Student COVID-19 Vaccination Survey”** by scanning the QR code below and **submit a photocopy of the latest vaccination record** of their child after receiving a new dose to the class teacher. We shall inform you of the progress of the whole-day face-to-face class resumption in due course. For enquiries, please call 2577-5188 or contact the class teacher via GRWTH.
