## Message from the Principal

Welcome to another new school year! A new beginning is always exhilarating. First of all, we are delighted to announce the Secondary School Places Allocation results of our 2018-19 P6 graduates. 79% of them were allocated to one of their top three choices, of which most were Band 1 schools such as St. Paul's Secondary School, Queen's College, True Light Middle School, Marymount Secondary School, SKHTang Shiu Kin Secondary School, Raimondi College and St. Francis' Canossian College. This is a really great achievement for our students.

There are various key projects each year to enhance learning at our school. This year, we shall step up efforts to develop self-directed learning. In this fast-paced, ever changing world of ours, we have to keep upgrading ourselves to keep up with the times. We have to stay updated on the latest trends, the newest technologies, and gain the necessary skills to use them. Otherwise, we will be in danger of being rendered obsolete.

Our school is also continually evolving. For the past two years, we have been promoting STEM activities. This year, the scheme has been extended to STEAM (Science, Technology, Engineering, Arts, Maths). By integrating Arts and Science in their activities, we encourage students not only to gain knowledge, but more importantly to acquire thinking skills and problem-solving skills. With these skills, they can become self-initiated learners. We firmly believe that continuous learning will enrich our lives, and that is the meaning and purpose of 'self-directed learning'.

Finally, I wish you all, parents, teachers and students, a wonderful school year. Thank you!
