

## “Together We Can!” Parent-Child Activity

Our association cooperated with Hong Kong Sports Hunter Limited to hold the “Together We Can!” Parent-Child Activity on 6th April, 2019. This activity aimed to promote communication between parents and children and create a positive family environment through sports activities (nerf hunt and flyball). 17 families with a total of 41 family members attended the activity. They all had lots of fun.

## Message from the Chairperson

In the 21st century, the role of the school, teachers, parents and students in preparing for secondary education is often challenging as everyone has to keep up with fast-changing developments in society.

In this context, the Parent-Teacher Association plays an extremely important role in building a better relationship between parents and the school to keep the welfare of our children as the top priority.

All PTA committee members welcome you to the new academic year where we hope to encourage, support and provide necessary assistance and guidance to our children in their learning process at home and in school.

In the past, the PTA has organized talks, seminars, one day tours, and various outdoor activities for parents to enrich their experiences and to build better relationships with each other.

On 29th October 2018, the PTA organized the 20th Annual General Meeting cum Happy Family One-Day Tour to Noah’s Ark and a lunch buffet. Everyone enjoyed the tour and lunch buffet and welcomed such activities in the future for the benefit of students, parents, teachers and staff.

To promote communication between parents and children and create a positive family environment, the PTA cooperated with the Hong Kong Sports Hunter Limited to hold the “Together We Can!” Parent-Child Activity on 6th April, 2019, (sports activities, nerf hunt and flyball). 17 families with a total of 41 family members attended the activity. Parents and children cooperated with each other and enjoyed the activities.

The PTA cooperated with the St. James’s Settlement Wanchai Integrated Family Service Centre to hold a ‘Skincare Products Making’ and a ‘Glutinous Rice Dumpling (Chinese Mochi) workshop in May 2019. The purpose was for parents to have fun as well as having the opportunity to discuss parenting issues. 9 and 10 parents attended the workshops respectively. The parents enjoyed the time and made new friends.

Although many parents attended the activities, we encourage more parents and children to attend and benefit from the activities and to encourage the organizers so that they can provide more activities to achieve the school’s ambitions.

We support communication between parents and teachers by way of issuing newsletters every year, uploading news for activities on the school web page and contacting parents by phone, email and other means, particularly. Recently the school has started to use the “ClassDojo” App, which is very useful.

The Parents Day is held every year for parents and teachers to exchange ideas, share experiences and particularly to know about and evaluate students’ performance. We would like to encourage you to communicate with us or the school directly and to express any views, opinions and comments that can help us to improve our children’s education.

We all look forward to creating a bright future for our children to face the challenges ahead in this 21st century.
